

Pelco's Reliable & Elegant Bristol Series

Pelco's classic Victorian style Bristol Series is the ideal luminaire for main street renovations and neighborhood solutions

providing yesterday's appearance with today's technology.

It is constructed with the highest quality materials and can be provided in either energy efficient LED or HID configurations.

1

Numerous Cast Aluminum Finials Available: enhances the decorative appearance in a high quality design.

2

Superior Finish
8-Stage chemical pre-treatment regimen with a durable powder coat finish.

3

Durable Cast Aluminum Housing, maximizes heat transfer for longer life of luminaire.

4

Durable Electronics: Utility-grade photo control and ballast means years of maintenance-free use.
